than labor.

ii. Administrative Council should discuss the possibility of increase in the share of the cost covered by humanities faculties.

iii. Administrative Council should discuss the strategy for future employment including the increase of academic staff with fixed term contract who get paid by external funds.

iv. Priority should be put on the efficient allocation of staff in education and research organizations so that the quality of education and research will be maintained.

President Yamaguchi responded to these by stating that:

v. External funds have limited use and cannot be allocated to the labor cost or the expenses for schools/departments

vi. There is no difference made between humanities faculties and the science faculties in budgeting.

vii. With regard to the academic staff with fixed term contract who get paid by external funds, he would like to examine the possibility of establishing the internal system to involve them in education

viii. Efforts have been made to maintain the quality of education and research in the process of making the fiscal plan, which include the use of the Designated National University Corporation System

The committee agreed that the updates on the above issues would be reported by the President in the next Administrative Council Meeting.

The meeting closed at 15:30. as

Chairman
