

**Position for Associate Professor in the Laboratory of Ornamental Plants and Landscape
Architecture,
Research Faculty of Agriculture, Hokkaido University**

October 20th, 2025

We are inviting applications for the position of Associate Professor in the Laboratory of Ornamental Plants and Landscape Architecture, Research Group of Agrobiological and Bioresources, Division of Fundamental Agriscience Research, Research Faculty of Agriculture, Hokkaido University.

1. Title of position:

Associate Professor (Employment status: Tenured)

2. Affiliation:

[Immediately after hiring] Laboratory of Ornamental Plants and Landscape Architecture, Research Group of Agrobiological and Bioresources, Division of Fundamental Agriscience Research, Research Faculty of Agriculture, Hokkaido University (see Appendix 1).

[Scope of Change] Location as determined by the University

3. Responsibilities:

[Immediately after hiring] Duties concerning education and research at the Research Faculty of Agriculture, Graduate School of Agriculture, and School of Agriculture

[Scope of Change] Duties as determined by the University

4. Duties in education:

Lectures, seminars, experimental work, practical training, and exercise courses provided in Graduate School of Agriculture and School of Agriculture, Hokkaido University (see Appendix 2).

5. Qualifications:

(1) Applicants should have or are expected to have a doctoral degree or Ph.D.

(2) Applicants should possess broad knowledge and outstanding research achievements in landscape architecture and horticulture, particularly concerning landscape evaluation and ecosystem conservation. Applicants should also be proficient in landscape analysis and planning using landscape ecology research methods, sociological research methods such as surveys and workshops, and landscape design, and possess the ability to provide educational guidance on these matters (see Appendix 3).

(3) Applicants should be proactive in contributing to the development of education and research in Ornamental Plants and Landscape Architecture.

(4) Applicants should be able to provide research guidance regarding the above subjects for undergraduate and graduate students in Japanese and English.

(5) Applicants should arrive at this post on the scheduled date.

6. Application materials (Two copies each except for (4))

(1) Curriculum vitae *

(2) Publication list and biographical data on research activities *

(3) Summary of research activities with citing the reference number in the publication list (either around 800 words in English or around 1,000 characters in Japanese)

(4) PDF files of all peer-reviewed scholarly journal articles (Submit PDF files in a USB memory stick or other electronic media. File names should include reference numbers.)

(5) Educational activities including those made in Japanese and applicant's perspectives on education (either around 800 words in English or around 1,000 characters in Japanese)

(6) Summary of applicant's perspectives on research (either around 800 words in English or around 1,000

characters in Japanese)

(7) A list of achievements in academic society management and social contributions (format is optional)

(8) A list of two references for the applicant, showing their name, institution, position, telephone number, and e-mail address

* Forms of curriculum vitae, publication list, and biographical data on research activities are available at the URL of Hokkaido University. (<https://www.agr.hokudai.ac.jp/i/subscription>)

Remarks: If you have experienced interruptions or delays in your research activities due to reasons such as childbirth, childcare, nursing care, or illness, you may indicate such periods in your curriculum vitae.

We will give due consideration in performance reviews.

Please note that an interview may be conducted if necessary. In that case, the applicant is responsible for any travel expenses. The submitted document will not be returned to the applicant. Applications will not be used for purposes other than this job posting.

7. Deadline for application:

November 25th, 2025 (The application materials must arrive at Hokkaido University no later than this date.)

8. Scheduled starting date of employment:

July 1st, 2026

9. Destination of the documents:

Prof. Tomohiko KUBO, Chair of the Personnel Committee, Ph.D.

Research Faculty of Agriculture, Hokkaido University,

Kita 9 Nishi 9, Kita-ku, Sapporo 060-8589, Japan

Tel: +81-11-706-3350 (Personnel section in Research Faculty of Agriculture, Hokkaido University)

*The requested documents should be submitted via registered mail (or a similar method) to the postal address indicated above. Please indicate "Application for Associate Professor in the Laboratory of Ornamental Plants and Landscape Architecture " in red on the front of the envelope.

10. Contact person:

Prof. Akira KANAZAWA, Ph.D.

Research Faculty of Agriculture, Hokkaido University,

Kita 9 Nishi 9, Kita-ku, Sapporo 060-8589, Japan

Tel: +81-11-706-3873

E-mail: kanazawa@agr.hokudai.ac.jp

11. Compensation:

(1) Probation Period:

Three months

Appendix

1. The successful applicant belongs to the Research Group of Agrobiology and Bioresources, Division of Fundamental Agriscience Research, Research Faculty of Agriculture, Hokkaido University. The research group consists of ten laboratories, namely, Crop Science, Crop Physiology, Plant Pathology, Horticultural Science, Ornamental Plants and Landscape Architecture, Animal Ecology, Systematic Entomology, Plant Genetics and Evolution, Cell Biology and Manipulation, and Pathogen-Plant Interactions. These laboratories conduct education and research in the field of agrobiology and bioresources in cooperation with each other.

2. The successful applicant will partly or fully give the lectures listed below, for which the Laboratory of Ornamental Plants and Landscape Architecture is responsible.

(1) Subjects in the Graduate School of Agriculture: Study on Agricultural Science I • II, Seminar on Agricultural Science I • II, Advanced Field Research and Data Analysis on Forest-landscape Management I, Advanced Horticultural Science, Advanced Seminar on Horticultural Science, and others.

(2) Subjects in the School of Agriculture: Introduction to Landscape Architecture, Landscape Design and Planning, Floriculture, Open Space Planning, Special Course of Agrobiology and Bioresources, Studio Work on Landscape Architecture, Laboratory Work on Agrobiology and Bioresources I • II, Experiments in Biology and Chemistry I • II, Seminar on Agrobiology and Bioresources I • II • III • IV, Graduation Thesis, and others.

(3) Subjects in general education: Freshman Seminar and others.

3. The Laboratory of Ornamental Plants and Landscape Architecture has conducted education and research on the evaluation, planning, design, conservation, management, and maintenance of green spaces, as well as the ecology,

utilization, conservation, and maintenance of ornamental plants. Our goal is to improve the living environment in communities and create spaces where people and nature coexist in harmony. We engage in the conservation of national and regional landscapes, as well as the planning and management of urban parks and natural parks utilizing our research outcomes. We practice education and research that contributes to solving regional issues.

4. The Diversity and Inclusion Promotion Headquarters of our university is implementing various initiatives in addition to the project to subsidize the employment costs of technical assistants as shown in the attached document. (Results for FY 2025)

URL: <https://www.dei.hokudai.ac.jp/en/>

Attached document

1. Support for the employment of technical assistants over life events

Support recipient	woman	man	Maximum support amount (six months)
(A) Researchers who need to halt research due to leave such as maternity leave and childcare leave, care leave			450,000 yen
1. Researcher taking leave for one month or longer (Support is available from two months prior to the expected date of childbirth)	○		
2. Researcher taking leave for two months or longer (The period of support begins one month prior to the start of childcare leave)		○	
3. Researchers who take one month or more of nursing care leave	○	○	
(B) Researchers who are pregnant and are obliged to take specific medical examination (listed below), and have difficulty in work life balance because they cannot carry out a kind of experiment by themselves	○		250,000 yen
(C) Researchers other than those listed above			400,000 yen
1. Researchers who take care of children under the first grade of elementary school alone or with a partner of full-time job *1	○	○	
2. Researchers who routinely need to give cares to their family such as elder member and have difficulty in work life balance *2	○	○	
3. Other researchers who find it particularly difficult to balance work and family life due to their own life events	○	○	

*1 In this case, childcare must be done in the same household by a researcher and his full-time working partner only.

*2 This case may apply even if a researcher has difficulty in balancing a life event and research due to a reason such as the researcher's regular hospital visits.

2. Support for the employment of technical assistants for active female leaders

Support Eligibility	woman	man	Maximum support amount (six months)
◆Support for female leaders - Female professors and associate professors (including specially appointed faculty members) at our university - In particular, researchers who find it difficult to secure sufficient time for research due to duties associated with holding important positions*1 within and outside the university, such as university management and social contribution activities	○		1,800,000 yen April to February of the following year

*1 "important positions" Positions at the university or departmental administrative offices (vice president, vice director, assistant director, research institute director, deputy research institute director, council member, representative, etc.), positions within the Japan Academy of Sciences or academic societies (such as President, Councilor, Committee Member, Subcommittee Member, Affiliated Member, Chairperson, Vice-Chairperson, etc.), and positions on advisory committees of national or local governments, etc., which require continuous service over a long-term period (one year or more) and entail ongoing workloads, as well as positions appointed through requests or elections from other organizations or entities.
